

Hand Sanitiser Gel

Alcohol based antibacterial hand sanitisers for cleaning and disinfecting hands without the need for water. Suitable for use in dispensers, or as supplied in dispensing bottles.

Ingredients:

Produced to recommended formula:

- Ethanol $\geq 70\%$ (v/v),
- Glycerol $\geq 1\%$ (v/v),
- Thickening agent,
- Hydrogen peroxide

The accepted limits are $\pm 5\%$ of the target concentration (70%–75% for ethanol).

General Instructions:

- For external use only
- Avoid contact with eyes
- Keep out of the reach of children
- Date of production and batch number

- **Use:** Apply a palmful of alcohol-based gel and cover all surfaces of the hands. Rub hands until dry

- **Composition:** ethanol, glycerol, thickening agent and hydrogen peroxide

- **Flammable:** keep away from flame and heat
