

1. Identification of the substance/preparation and of the company undertaking

Identification of the substance/preparation:	Jeyes Fluid [1 x 5 litre]
Product code:	511060 (00015779)
Intended Use:	Outdoor disinfectant
Date Issued:	19/04/2004
Issue/Revision:	11
Reason for Revision:	Update to section 5
Company identification:	Jeyes Professional Division Limited
Address:	Bracewell Avenue, Poulton-le-Fylde, Lancashire, FY6 8JF
Telephone No.:	01253 890449
Fax No.:	01253 895940
Emergency Telephone No.:	0800 197 5599

2. Composition/information on hazardous ingredients

Ingredient	EINECS No.	CAS No.	% Weight	Hazard	Risk
High Boiling Tar Acids	-	84989-05-9	15 - 30%	T	R24/25, R38
Propan-2-ol	200-661-7	67-63-0	< 5%	Xi, F	R11, R36, R67
Terpene Alcohol Mixed Isomer	232-268-1	10482-56-1	< 5%	Xi	R38
OBPCP	204-385-8	120-32-1	< 5%	Xn, N	R22, R38, R41, R50/53

3. Hazards identification

This product is classified as **HARMFUL** under the Chemical (Hazard Information and Packaging for Supply) Regulations.

This product is harmful in contact with skin and if swallowed and is also irritating to eyes, skin and may cause sensitisation by skin contact. This product is also harmful to aquatic organisms, and may cause long-term adverse effects in the aquatic environment.

4. First-aid measures

Eye contact	Rinse immediately with plenty of water holding the eye open for at least 10 minutes. Seek medical attention and show this label.
Skin contact	Remove any contaminated clothing. Wash immediately with plenty of soap and water. If skin appears damaged seek medical advice. Launder clothes before re-use.
Ingestion	If swallowed wash out mouth. Drink sips of water. Do not induce vomiting. Never administer anything by mouth if victim is losing consciousness, unconscious or convulsing. Seek immediate medical attention and show this label or container.

5. Fire-fighting measures

May ignite but does not support combustion
May give off toxic fumes in a general conflagration. Use self contained breathing apparatus.
Use water, carbon dioxide, dry powder or foam extinguishing media.

Jeyes Fluid

Product Code - 511060
Size - 1 x 5 litre

Safety Data Sheet
Page 2 of 3

6. Accidental release measures

Small spillage: Mop or sweep up and dispose of under local authority guidelines.
Large spillage: Absorb any spillage in sand or earth and dispose of to tip under local authority guidelines.
Wash away any remaining residue with copious amounts of water.

See Section 8 for 'Exposure controls and personal protection'

7. Handling and storage

Handling: Wear suitable protective clothing, eye/face protection and gloves when handling.
Storage: Store in original container only, in a cool dry place, away from children. Do not store at temperatures below 0°C or above 35°C.

8. Exposure controls and personal protection

Wear suitable protective clothing, eye/face protection and gloves when handling.

9. Physical and chemical properties

Appearance: Clear, bright, dark brown liquid.
Odour: Typical tar acid odour.
Specific Gravity at 20°C: 1.0240 nominal
Viscosity: Approx. 50cps
pH: Typically 8 - 10
Solubility: Emulsifies in water

10. Stability and reactivity

Incompatible with acids and strong electrolytes.

11. Toxicological information

No testing carried out on finished product.

12. Ecological information

Apply away from fish and watercourses.

13. Disposal

Dispose of as special waste according to local and national regulations.

14. Transport information

Not classified for transport by land, sea or air.

15. Regulatory information

Contains:	High Boiling Tar Acids, OBPCP	
Classification:	Xn	Harmful
Risk phrase/s:	R21/22 R36/38 R43 R52/53	Harmful in contact with skin and if swallowed Irritating to eyes and skin May cause sensitisation by skin contact Harmful to aquatic organisms, may cause long-term adverse effects in the aquatic environment
Safety phrase/s:	S2 S13 S23 S24/25 S26 S36/37 S46 S51	Keep out of the reach of children Keep away from food, drink and animal feeding stuffs Do not breathe spray Avoid contact with skin and eyes In case of contact with eyes, rinse immediately with plenty of water and seek medical advice Wear suitable protective clothing and gloves If swallowed, seek medical advice immediately and show this container or label Use only in well-ventilated areas
Additional safety information:	Empty container thoroughly and dispose of safely In case of contact with skin wash immediately with plenty of water Keep in original container, tightly closed in a safe place	

16. Other information

Risk Phrases (of ingredients in section 2)

R11	Highly flammable
R22	Harmful if swallowed
R24/25	Toxic in contact with skin and if swallowed.
R36	Irritating to eyes
R38	Irritating to skin
R41	Risk of serious damage to eyes
R50/53	Very toxic to aquatic organisms, may cause long-term adverse effects in the aquatic environment.
R67	Vapours may cause drowsiness and dizziness.
