

Heavy Duty Duct Tape Range

READYFIX PRODUCT CODES: Z702-325 TO Z702-350

Strong, high-tack, multipurpose cloth tape for demanding construction, maintenance and general site applications. The hard-wearing tape is suitable for internal and external use on non-sensitive surfaces.

- Heavy-duty, waterproof cloth construction.
- High-tack adhesive with a secure, long-lasting hold.
- Temperature resistance from -5°C to +60°C.

IMPORTANT ROLL-LENGTH INFORMATION: All 50mm-wide variants are supplied as 45m rolls. Some historic descriptions may state 50m; the correct supplied length is 45m. The 75mm and 100mm variants listed below are supplied as 50m rolls.

Readyfix range

Product code	Colour	Width	Roll length
Z702-325	Grey	50mm	45m
Z702-330	Black	50mm	45m
Z702-335	White	50mm	45m
Z702-345	Grey	75mm	50m
Z702-347	Black	75mm	50m
Z702-350	Grey	100mm	50m

Product characteristics

Property	Specification	Property	Specification
Tape type	Cloth duct / gaffer tape	Adhesive	High-tack
Use	Internal and external	Water resistance	Waterproof
Temperature range	-5°C to +60°C	Surface suitability	Non-sensitive surfaces

Application and storage

Apply to clean, dry surfaces free from dust, oil and loose material. Press firmly along the full bond area. Test first on an inconspicuous area and do not use on delicate, sensitive or freshly finished surfaces. Store upright in a cool, dry place away from direct sunlight and heat.
