

MitreBond Rapid adhesive system

Key Features:

- MitreBond is the original and strongest quick setting adhesive on the market. No nails, no clamping, no waiting – no mess!
- MitreBond has many uses and can be used to fix bowed upstands in place, UPVC window trims, door trims, melamine end strips, skirting and architrave joints, architectural moldings, cornice and pelmet and many more.

Directions for Use:

MitreBond is an instant bonding low viscosity adhesive to give greater bond strength on porous surfaces. Apply one or two drops of adhesive onto one side of the joint and then

apply MitreBond activator to the other side of the joint. Quickly bring the two sides into line and firmly press together, hold for 10 seconds and its complete.

Consumer Benefits:

Materials MitreBond can be applied to:

- MDF
- Timber
- Glass
- Ceramics
- Aluminium
- Chipboard
- Perspex
- Steel
- Porcelain
- Some plastics
